

Calibration Report

Customer Name :- Dr. Dharap's Diagnostic Centre

**Address:- Limaye Nivas, 1st Floor, Baburao Prulekar Marg,
Dadar, Mumbai-400 028**

Instrument Model:- ST-200 Plus Electrolyte Analyzer /Sr. No.:-ST-5634

Calibration Date:- 26/07/2019

Calibration Due Date:- 25/07/2020

As per the Standard Operating procedure of ST-200 Plus Electrolyte Analyzer, the instrument has been calibrated at the factory.

As per method mentioned into manuals/sop, the Known Value Sample/Control run on the analyzer for five times for the Electrolyte parameters. All obtained values are in the range and CV values were checked. CV values were within a normal range as mentioned in performance certificate. This indicated that an instrument is performing accurately and precisely.

Hence, we certified that ST-200 Plus Electrolyte Analyzer is calibrated.
