Head,  
Radiation Safety Division  
Atomic Energy Regulatory Board  
Niyamak Bhavan, Anushakti Nagar,  
Mumbai - 400094

Dear Sir,

Our Hospital, Vinamra Swaraj Hospital, Plot No 108, Sector 11, Vashi, Navi Mumbai, 400703, underwent an audit for NABH inspection where the auditor raised the query that equipment ID on AERB certificate for our AERB certified radiological equipment do not have the actual serial no on the machines as under:

X-Ray machine:

Make: ALLANS MEDICAL SYSTEMS

Model: AXD-300R

Equipment ID by AERB: G-XR-42327

Serial no: BR-035091015

C-Arm:

Make: ALLENGERS MEDICAL SYSTEMS

Model: ALLENGERS-HF-49R

Equipment ID by AERB: G-XR-42328

Serial no 2K15090502-BC

It is observed that while filling up the form to AERB for licensing of these radiological equipment, we did not fill the equipment serial numbers inadvertently and AERB issued the licenses for the two equipment without equipment serial numbers.

May we request your authorities to give us a certification that the Equipment ID on our machines as provided by AERB, are against the serial No's on our machines so as to satisfy the audit enquiry from NABH.

Details along with valid documents for both the two equipment are attached including the audit query from NABH.

Regards,

Yours sincerely,

VINAMRA HEALTHCARE LLP.

(Dr Vikram Chavan) PARTNER
