REMARKS

: The Expanded uncertainty of measurement at 95% confidence level is ± 1.00°C at coverage Factor k=2.

\*U.C

## Under Calibration.

- 1. Instrument has been Calibrated against laboratory Standard instruments whose values are traceable to National Standard as mention in above.
- 2. The calibration results reported in this certificate are valid at the time of and under the stated conditions of measurement for a particular sample identified above.
- 3. This Certificate should not be reproduced in full or in an abstract form without obtaining prior written permission from Advance Calibration Services.
- 4. The Calibration Certificate is not to be used for any legal purpose and shall not be produced in the court of law.
- 5. Instruments has been Calibrated only for Scientific, in house, Testing and Industrial use & should not be used for trade / commercial use.
- 6. Confirmity statement not provided since not required.
