NABL MELT Assessment Team

Dear Sir

I, Shini Srinivasan, in my capacity as sole proprietor of Hi-Tech Laboratory, do hereby solemnly affirm and state that we have planned for the calibration of our minor equipment like thermometer, microscope, centrifuge, incubator, refrigerator and pipettes with CYRIX, an ISO 17025 accredited calibration laboratory with NABL. The quotation from CYRIX is attached herewith for your reference. The calibration activities are planned next week and we are hopeful for getting the calibration certificates on or before 10<sup>th</sup> October 2022.

We would like to state that our EQAS reports for the months of August and September 2022 have been satisfactory for all parameters.

Also as requested, a copy of our biomedical waste management is also attached for your reference. The same is also available in the portal as well which is uploaded through the NABL MELT App.

Hence, we would like to request your good selves to kindly grant us the NABL MELT accreditation.

Best Regards

Shini Srinivasan

Hi-Tech Laboratory
