REMARKS

1 This Calibration certificate shall not be reproduced except in full, without written approval of the laboratory

2 The user should determine the suitability of the instrument for its intended use

3 The recalibration interval should be determined on the user requirement

4 The results stated in this certificate relate only to the item calibrated

5 The indicated uncertainties are expanded uncertainty estimated for a confidence level of approximately 95% for a coverage factor k=2 00

6 Equipment used for Calibration were calibrated & traceable to National & International Standards
