TO WHOM IT MAY CONCERN

We **Transasia Bio-Medicals Ltd.**, manufacturer of In Vitro Diagnostic medical devices with head office at Transasia House, 8 Chandivali Studio Road, Andheri (E), Mumbai - 400 072, hereby declare that the instrument **ESL 30 (Ref 117800)** does not require the calibration.

The instrument calibration is not necessary because of the type of reading system installed on the instrument, performed by an optical sensor that scans the sample to determine the blood level to calculate **Erythrocyte Sedimentation Rate (ESR)**.

Sincerely,

Nirmal Poddar

President - R&D

Transasia Bio-Medicals Ltd
