TO WHOM IT MAY CONCERN

It's to inform that the Automated Hematology Analyzer (Make: **Sysmex**, Model: **XQ-320**, Serial No.: **12316**) in Global Ultrascan & Diagnostic Centre has been calibrated on 09-05-2024.

Next calibration is due on or before 08-05-2025.

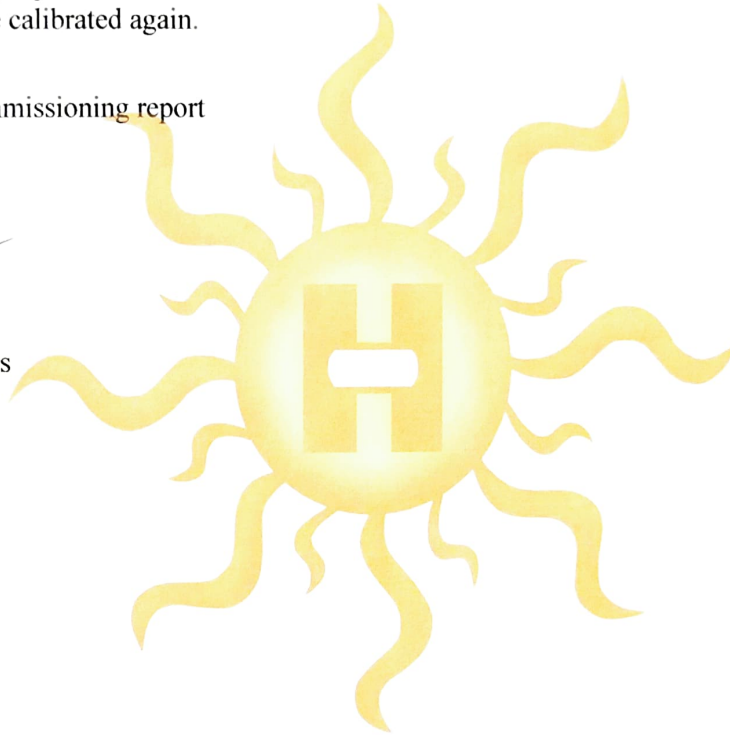

Kindly note that, if any major part like transducer, PCB, etc. will be replaced (which will affect calibration of the same), machine needs to be calibrated again.

Enclosed: All data and commissioning report

Thanks and Regards
